## CATARINA

You are the most beautiful page that fate wrote in my life.

I want to thank you for the moments we have been through so far.

Although life pranks us we can overcome everything because we are always together.

## Kevin

I want to thank some people who helped me get here.

If I had no friends I was nothing.

I want to thank a person who always supported me, who never left me behind. It is a person who never turned me over and never left even in the most difficult times. This person was there when I needed, always by my side.  
And you're not only my best friend; you are also my heart brother.
